

Inclined Ladder-Chain Arrgt

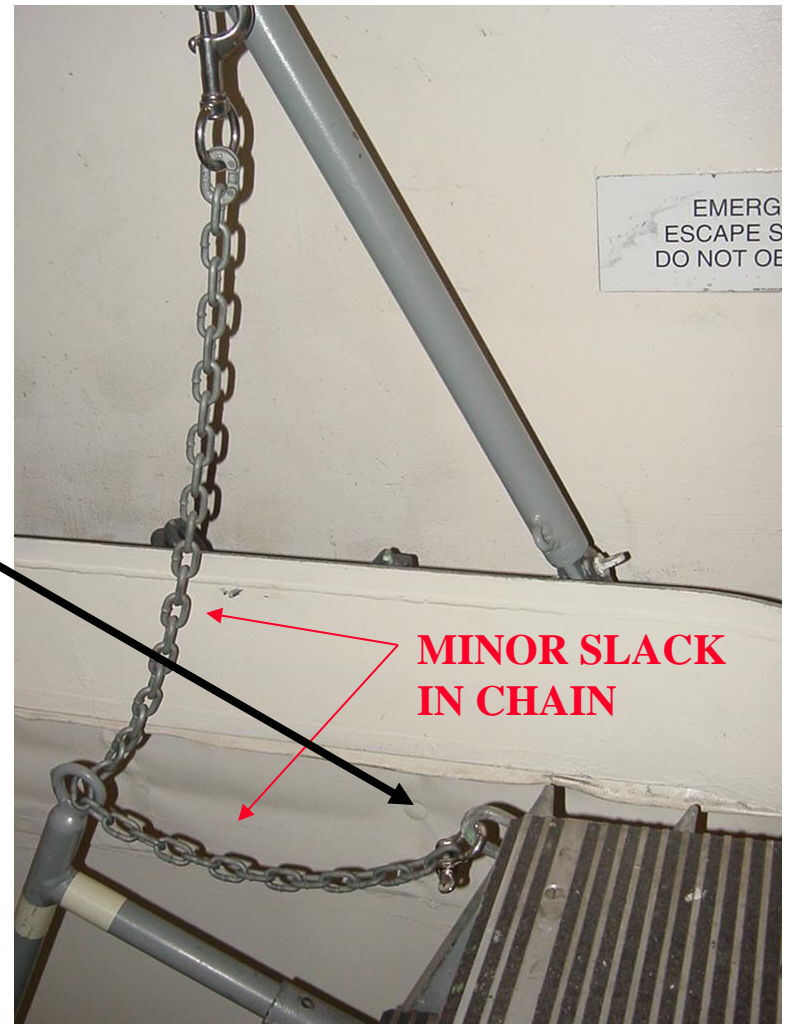

NSWCCD-SSES Code 974

Chain Arrangement

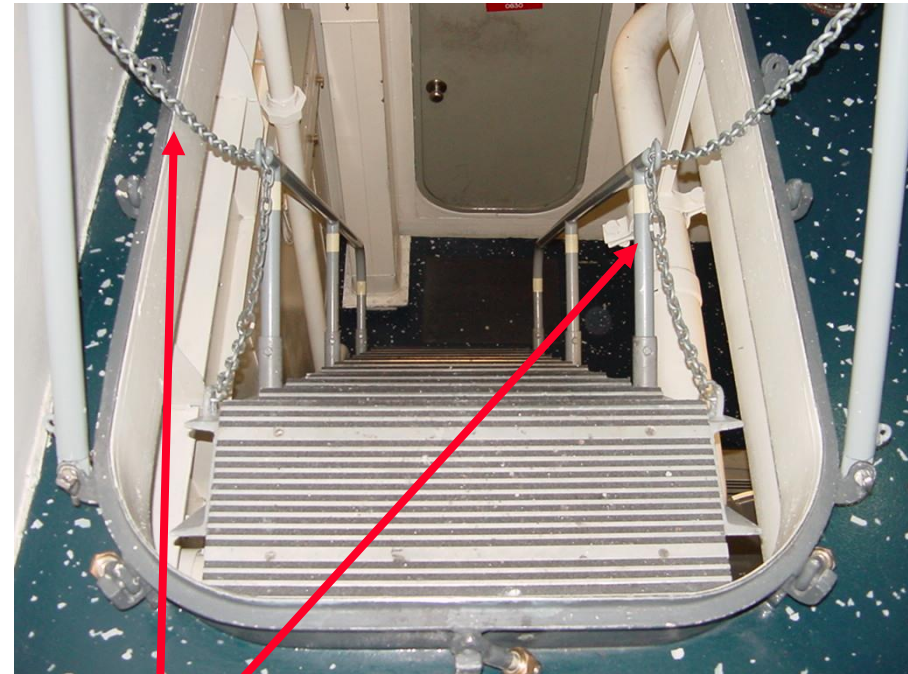

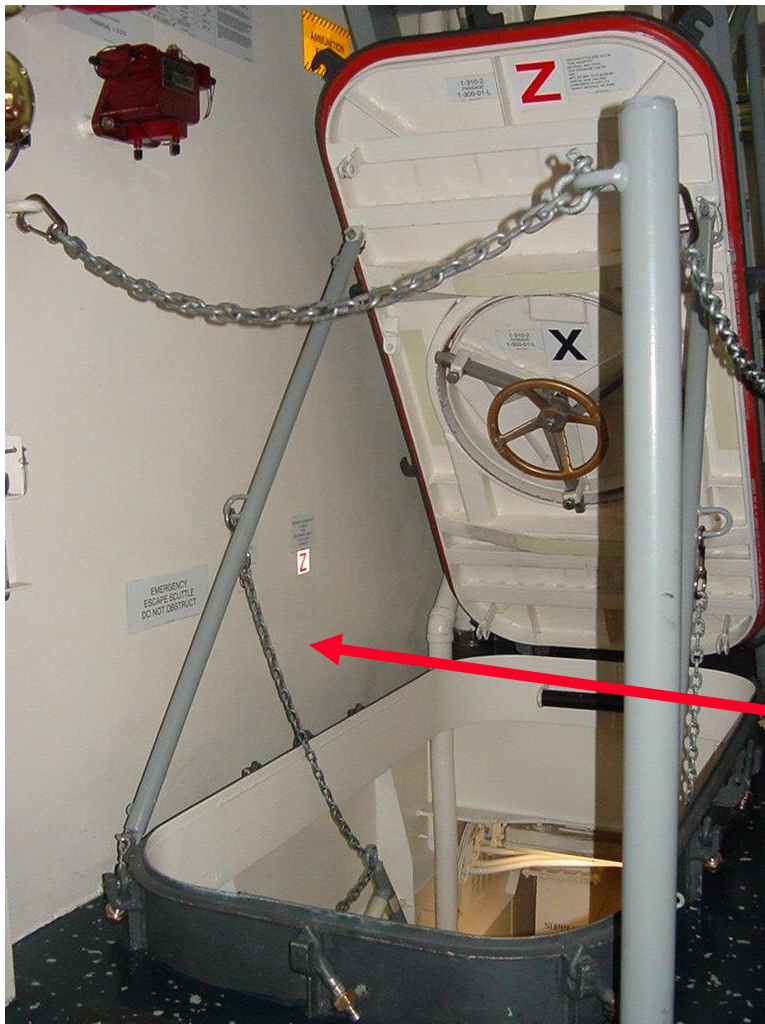

- Correct chain arrangement except for chain slack. Chain should be taut as possible.
- NAVSEA TYPE Dwgs S1604-860040 (Steel) & 804-1749113 (Alum) show correct chain hand grab arrangement for inclined ladders.

This shackle can be used to tighten up the chain by inserting the shackle pin in different links and letting the excess chain hang down.
